

Halifax Careers Centre video

Jemma: “Here we’re at Halifax Careers, which is part of C & K Careers. Here you can get your own career adviser, which can help you research the careers that you want to get involved in. They can also help you with applying for college courses or training, or with training providers. Or even apprenticeships, as there’s loads of apprenticeships with in Calderdale at the moment.

In fact, Halifax Careers also offer activities such as CV workshops, job hunting, and advice about benefits and housing.

Feel free to pop down on Alexandra Street in the centre of Halifax, Monday to Friday between 10am and 4pm.”
